SUMMARY

I find programming and developing software and hardware for real-world problem-solving incredibly exciting. I'm always learning new tools to enhance my ability to do this. In my free time, I contribute to open-source projects that I hope will positively impact my community.

EDUCATION

Valley View University, Accra - Ghana *2027*
Major: Computer Science

WORK EXPERIENCE

Computer Laboratory Assistant, Valley View University -Accra, Ghana *October 2024 – May 2025*
- Developed a digital system to track working schedules of all Lab assistants using Google forms and sheets.
- Collaborated with fellow technicians, troubleshooting issues and resolving conflicts to minimize disruptions.
- Maintained a clean working and studying environment.
- Ensured compliance with industry standards through audits and inspections while maintaining detailed service records.
- Provided technical support, ensuring that all laboratory were functioning correctly.

Public Relations Officer, Computing Science Students' Association (CoSSA) –Accra Ghan *September 2024 – May 2025*
- Ensured seamless communication between the Faculty and students as a liaison.
- Managed CoSSA's Social Media visibility on LinkedIn, Instagram, TikTok, X, YouTube, and GitHub.
- Collaborated with fellow CoSSA executive, in making decision on behalf of CoSSA members.
- Increased member participation in CoSSA activities.

PROFESSIONAL DEVELOPMENT

Syntaxed – https://github.com/Burkifa23/Syntaxed *January 2025 - Present*
- Developed a web and desktop platform to increase developer Word Per Minute (WPM) while practicing Syntax of more than twenty five programming languages. Built using HTML, CSS, JavaScript and Rust and Tauri(Desktop Version).

Language Contributer, Open-Source *August 2022 - Present*
- I added support for multiple languages on different applications available on the App and Play Store. Sabbath School & PM, Christ In Song, and Adventist-Hymnal Global.

ACHIEVEMENTS

- Ranked in top fifteen of Most Active GitHub Users in Ghana in terms of Public Commits and Contributions.

CORE SKILLS

- **Programming Languages:** SQL, Java, Python, Go, Rust, JavaScript, HTML, CSS, C++, Git, Bash and C#
- **IT skills:** Version Control, Database, Basic Linux OS Administration, Cloud Security, Cyber security, Computer Networking.
- **Soft Skills:** Problem-solving and analytical skills, Continuous learning and adaptability, Exceptional communication**,** Team collaboration and coordination, Time management and task prioritization, Ability to communicate technical and complex concepts to non-technical audience and consulting.

Languages: English, Français, and Kinyarwanda.
Hobbies: Basketball and Saxophone.
